Testing SAS Programs: SOPs & Lessons Learned From Experts

Dr. Sharlin's Credentials	4
Goals and Strategies of SAS Testing.....	5
Lack of Resources Does Not Justify Non-Compliance	6
SAS Testing Is One Element of FDA Compliance (diagram).....	7
SAS Testing Requires Support of Company Management (diagram)	8
Successful SAS Testing Is More Than Learning and Applying Testing Methods (diagram).....	9
FDA Regulations That Make Testing Mandatory	10
Testing is Part of Validation	11
Unique Aspects of Testing SAS in a FDA Regulated Environment	12
SAS Testing Environment in the Average Company	13
Perform a SAS Program Risk Assessment To Determine Testing Strategy	14
Risk Assessment Step #1: Analyze Programmers.....	15
Risk Assessment Step #2: Investigate Data	16
Risk Assessment Step #3: Examine Output	17
Risk Assessment Step #4: Study the Program	18
Risk Assessment Step #5: Review Requirements	19
Risk Assessment Step #5: Review Requirements (2).....	20
How Requirements Help FDA Reviewers Work Faster.....	21
Determine SAS Program Complexity.....	22
Determine SAS Program Complexity (2)	23
Risk Assessment Form for SAS Testing	24
Do Not Be Over Confident	25
SAS Programming Errors.....	26
Four Types of Errors in SAS Code.....	27
Where Errors Occur (diagram).....	28
Common SAS Testing Methods at Companies.....	29
Which of the Eight SAS Testing Methods Works Best, or Works at All?.....	30
Which of the Eight SAS Testing Methods Works Best, or Works at All? (2)	31
Selecting a Testing Method: Decision Table.....	32
Ways of Documenting The Testing Phase.....	33
Testing Results Documentation Checklist (form)	34
Test Methods For The Three Types of SAS Output.....	35
SAS Testing In Other Industries: Interview With Don Henderson.....	36

NEW TOPIC. Examples of How to describe requirements (docs examined).....	37
Example: How to describe requirements, (table of specifications).....	38
Example: How to describe requirements, (SAS code with comments)	40
Problems uncovered during a requirements analysis	41
Building an Understanding of Your Data: Why and What	42
Building an Understanding of Your Data: How.....	43
Building an Understanding of Data: Table That Describes SAS Datasets	44
Generating You Own SAS Test Data (Purpose and Advantages)	45
Generating You Own SAS Test Data (Methods).....	46
Differences in Testing One-Shot SAS Programs vs SAS Systems.....	47
Example: Detailed Testing	48
Example: Detailed Testing (2).....	49
Example: Detailed Testing (3).....	50
How Defensive Coding Reduces the Testing Effort	51
Example of defensive coding practices (final else)	52
Example of defensive coding practices (SAS options).....	53
Example of defensive coding practices (do not re-use dataset names).....	54
How To Test SAS Code When There's No Time For Testing.....	55
How To Test SAS Code When There's No Time For Testing: Efficient Techniques	56
Example of a High-Level Flow Chart.....	57
SAS Testing SOPs.....	58
Required Activities For Each New SOP	59
Making Changes to the SOPs.....	60
Summary of SAS Testing.....	61
Next Steps For Implement A FDA-Compliant SAS Testing Effort.....	62
Joshua Sharlin, Ph.D., Resume.....	63
List of Teleconferences Developed and Presented by Joshua Sharlin.....	68
